Index to 1986 volume

Authors and titles

Adaptability of a rural water supply system to extreme rainfall anomalies in central Sudan (Hulme, M.), 89–105

Adeniyi, P. O. A preliminary assessment of the probable impacts of the Lagos State (Nigeria) regional master plan (1980–2000), 223–40

Administrative face of natural and historic preservation (Foresta, R.A.), 309–24

'Ak-cin 'arroyo mouth' and the environmental setting of the Papago Indian fields in the Sonoran Desert (Nabhan, G. P.), 61–75

Area-based policies for crime prevention (Herbert, D. T. and Harries, K. D.), 281–95

Bransden, B. E., *see* Duncan, N. A.

Bruins, H. J., Evenari, M. and Nessler, U. Rainwater-harvesting agriculture for food production in arid zones: the challenge of the African famine, 13–32

Brunner, U. and Haefner, H. The successful floodwater farming system of the Sabeans, Yemen Arab Republic, 77–86

Changes in American urban floodplain occupancy since 1958: the experiences of nine cities (Montz, B. and Gruntfest, E. C.), 325–38

Davidson, D. A. and Jones, G. E. A simple land resource information system (LRIS) for land use planning, 255–65

Davies, H. R. J. The human factor in development: some lessons from rural Sudan? 107–21

Dimensions of the rural energy problem in Indonesia (Ooi Jin Bee), 123–47

Duncan, N. A. and Bransden, B. E. The effects on restored soils caused by soil moving under different moisture contents, 267–73

Druyan, L. M., Goldreich, Y. and Maximov, Z. Wind energy survey in the Negev (Israel), 241–54

Effects on restored soils caused by soil moving under different moisture contents (Duncan, N. A. and Bransden, B. E.), 267–73

Evenari, M., *see* Bruins, H. J.

Foresta, R. A. The administrative face of natural and historic preservation, 309–24

Gale, S. J. and Hunt, C. O. The hydrological characteristics of a floodwater farming system, 33–42

Gilbertson, D. D. Runoff (floodwater) farming and rural water supply in arid lands, 5–11

Goldreich, Y., *see* Druyan, L. M.

Green, M. B., *see* Sagers, M. J.

Gruntfest, E. C., *see* Montz, B.

Haefner, H., *see* Brunner, U.

Harries, K. D., *see* Herbert, D. T.

Herbert, D. T. and Harries, K. D. Area-based policies for crime prevention, 281–95

Hulme, M. The adaptability of a rural water supply system to extreme rainfall anomalies in central Sudan, 89–105

Human factor in development: some lessons from rural Sudan? (Davies, H. R. J.), 107–21

Hunt, C. O., *see* Gale, S. J.

Hydrological characteristics of a floodwater farming system (Gale, S. J. and Hunt, C. O.), 33–42

Jones, G. E., *see* Davidson, D. A.

Kliot, N. Man's impact on drainage basins: an Israeli case study, 163–78

Man's impact on drainage basins: an Israeli case study (Kliot, N.), 163–78

Mapping erosion in Zimbabwe: a methodology for rapid survey using aerial photographs (Whitlow, J. R.), 149–62

Maximoz, Z., *see* Druyan, L. M.

Michlis, M., *see* Stern, E.

Montz, B. and Gruntfest, E. C. Changes in American urban floodplain occupancy since 1958: the experiences of nine cities, 325–38

Nabhan, G. P. *'Ak-cin* 'arroyo mouth' and the environmental setting of the Papago Indian fields in the Sonoran Desert, 61–75

Nabhan, G. P. Papago Indian desert agriculture and water control in the Sonoran Desert, 1697–1934, 43–59

National policy and management responses to the hazard of coastal erosion in Britain and the United States (Ricketts, P. J.), 197–221

Nessler, U., *see* Bruins, H. J.

Ooi Jin Bee. The dimensions of the rural energy problem in Indonesia, 123–47

Papago Indian desert agriculture and water

control in the Sonoran Desert, 1697–1934 (Nabhan, G. P.), 43–59
Preliminary assessment of the probable impacts of the Lagos State (Nigeria) regional master plan (1980–2000) (Adeniyi, P. O.), 223–40
Probability studies of floods (Wood, M.-K. and Waylen, P. R.), 185–95

Rainwater-harvesting agriculture for food production in arid zones: the challenge of the African famine (Bruins, H. J. *et al.*), 13–32
Redefining high school catchment areas with varying effects of achievement equality (Stern, E. and Michlis, M.), 297–308
Ricketts, P. J. National policy and management responses to the hazard of coastal erosion Britain and the United States, 197–221
Runoff (floodwater) farming and rural water supply in arid lands (Gilbertson, D. D.), 5–11

Sagers, M. J. and Green, M. B. The transportation of refined petroleum products and the efficient location of refineries in the USSR, 339–57
Simple land resource information system (LRIS) for land use planning (Davidson, D. A. and Jones, G. E.), 255–65
Stern, E. and Michlis, M. Redefining high school catchment areas with varying effects of achievement equality, 297–308
Successful floodwater farming system of the Sabeans, Yemen Arab Republic (Brunner, U. and Haefner, H.), 77–86

Transportation of refined petroleum products and efficient location of refineries in the USSR (Sagers, M. J. and Green, M. B.), 339–57
